

A NOTE FROM THE RANCH

Friends and Customers,

Welcome to the spring edition of our annual private treaty bull sale. We will be offering 40 head of homozygous black and homozygous polled Simmental and SimAngus bulls, to be bid off using our phone bid format, on February 13 at 10:00 a.m. The bulls will sell in spreadsheet order and have been grouped by type and sire group. All bulls will start at \$3,500 and bids will increase \$100 increments. This set of bulls represents our latest genetics and our efforts to produce problem-free bulls that excel in producing high quality, profitable calves for our commercial customers. We breed for ease of calving, with rapid growth that will mature in an economically sensible size.

There are only 12 bulls in the sale that we would say you should not use on a heifer. Everything else will be denoted with a YES, which can be used on either heifers or cows, or YES+, which we consider to be 100% a heifer bull. Major pressure is put on our cowherd to be fertile, sound structured, good footed, easy to handle and to have quality udders. These bulls carry those genetics, as well as being bred to improve all aspects of carcass genetics: from hanging weight, to marbling, to ribeye area.

This year we have several exciting new sire groups. We are starting the sale off this year with RCR JACKSON J1 sons. These calves are incredibly stout, long sided, and high growth. The IRON EAGLE calves are another extremely impressive group for being the first set on the ground for this young herd sire, who is an EAGLE out of an IRONHIDE cow. PRECISION is a complete outcross for us and his sons would be ones to look at for any of our repeat customers. We have the second set of HOMELAND and JAILBREAK calves available, and they are just as stout and powerful as the set we sold in the fall. We are offering three GALILEO calves and they are by far the best ones we have ever raised out of him. They have exceptional EPD's while offering lots of eye appeal and look. The two K27 calves are out of one of our GOLD sons and they number and look very similar to their grandsire with more growth and frame. M62 is the lone FLAT IRON in the sale; he is a maternal sib to last year's high seller that will offer tons of growth. There are six baldy bulls' offered this spring: M151, M206, M154, M60, M148, and M205. M76 is an impressive, star faced calf that will lead off the sale.

We offer volume discounts on purchases of three head or more. All bulls come with, free delivery for the first 150 miles, along with a first breeding season guarantee. Bulls over \$5,000 come with free delivery for 300 miles and a two-year warranty. We believe referrals are the best advertising and offer a \$100 referral credit for any bulls new customers purchase. Be sure they tell us that you sent them to see our bulls. The bulls are ready to view at your convenience. Please call ahead so that Jeff (620)344-0233 or Kaitlin (620)344-0357 can be there to walk you through them and answer any questions. Follow us on Facebook and Instagram at Houck Rock Creek Ranch for updated photos and videos.

Thanks,
Jeff Houck & Kaitlin Houck
