

A NOTE FROM THE RANCH

Friends and Customers,

Welcome to our annual fall yearling bull sale. As you will see from the spreadsheet, the number of bulls we are selling this fall is much larger than we have sold before. This has been made possible by extensive embryo transfer in our fall herd the last five years. These are the first sons to sell out of the ET females that were born in 2022. We are also selling several ET sons from the G1, H88, OPAL, D42 and D9 donors.

The quality, both phenotypically and genetically, is best yet. These bulls are deep bodied, have plenty of muscle and are backed by elite females. You will find several potential heifer bulls that have the power and dimension to move your herd progressively forward. They have the performance EPD's to be used on cows as well. Our breeding commitment has always been to sell bulls that will calve easily, sire calves that will grow rapidly and be stacked for carcass merit and maternal excellence. We are excited to show you the sons of the K females. They exemplify high calving ease, growth, and depth of body.

Whether you need one bull or several to use in big pastures, the ET groups will fill that need. You can pick your favorite or put several together to even up a calf crop. The TJ Arrowhead sire group is new for us this year. They come easy and grow to be massive and thick. He is a bull we are using heavily on heifers.

All the bulls are homozygous black and homozygous polled as always. They had DNA submitted and are parent verified and their EPD's have been adjusted for the 100K panel. This gives us much higher accuracy on yearling bulls and helps to differentiate the full ET sibs for the best use.

Our hope is by increasing not only the quality of the bulls, but also the number available, the purchase price will stay affordable for our customers. All bulls will start at \$3,500 and bids will increase by \$200 increments. If your herd only calves in the spring, remember that these bulls will have an age advantage and will be able to handle more cows by then as well.

We offer volume discounts on purchases of three head or more. All bulls come with free delivery for the first 150 miles, along with a first breeding season guarantee. Bulls over \$5,000 come with free delivery for 300 miles and a two-year warranty. We believe referrals are the best advertising and offer a \$100 referral credit for any bulls new customers may purchase. Be sure they tell us that you sent them to see our bulls.

The bulls are ready to view at your convenience. Please call ahead so that Jeff (620)344-0233 or Kaitlin (620)344-0357 can be there to walk you through them and answer any questions. Follow us on Facebook and Instagram at Houck Rock Creek Ranch for updated photos and videos.

Thanks,

Jeff Houck & Kaitlin Houck
