

A NOTE FROM THE RANCH

Friends and Customers,

Welcome to our annual spring yearling bull sale. This year we are doing some things a little different. The sale will start at 1 pm to allow everyone more time to get their feeding done. We are also going to stream the sale on Facebook Live. This is new for us and we hope that it allows people to know where we are at in the sale and what they are bringing as that is our most asked question. You will be able to find that on our Facebook page Houck Rock Creek Ranch

The quality, both phenotypically and genetically, is the best yet. These bulls are deep bodied, have plenty of muscle and are backed by elite females You will find several potential heifer bulls that have the power and dimension to move your herd progressively forward. They have the performance EPD's to be used on cows as well. Our breeding commitment has always been to sell bulls that will calve easily, sire calves that will grow rapidly and be stacked for carcass merit and maternal excellence. We are excited to show you the sons of the L females. They exemplify high calving ease, growth, and depth of body.

This year you will notice lots of bulls out of RCR IRON EAGLE and TJ TRUE NORTH they are our two top herd sires right now and we have been thrilled with their calves. They come easy and develop into extremely stout, muscular bulls. We went back and used GLOBAL heavy again last spring on heifers and think that the L and K cows have done exceptional with them. BRIDLE BIT RESOURCE is a new bull for us and man do we love the calves. Look for a lot more of them from us in the future. The baldy calves are always a favorite and there is a pile of them this spring. Their numbers are N85, N92, N104, N139, N180, and N208.

All the bulls are homozygous black and homozygous polled as always. They had DNA submitted and are parent verified and their EPD's have been adjusted for the 100K panel. This gives us much higher accuracy on yearling bulls and helps us feel confident calling some heifer bulls.

All bulls will start at \$3,500 and bids will increase by \$200 increments. We offer volume discounts on purchases of three head or more. All bulls come with free delivery for the first 150 miles, along with a first breeding season guarantee. Bulls over \$5,000 come with free delivery for 300 miles and a two-year warranty. We believe referrals are the best advertising and offer a \$100 referral credit for any bulls new customers may purchase. Be sure they tell us that you sent them to see our bulls.

The bulls are ready to view at your convenience. Please call ahead so that Jeff (620)344-0233 or Kaitlin (620)344-0357 can be there to walk you through them and answer any questions. Follow us on Facebook and Instagram at Houck Rock Creek Ranch for updated photos and videos.

Thanks,
Jeff Houck & Kaitlin Houck
